Preparing an advertising spot for displaying on two Double Screen units at **the same time**

Materials to be displayed on two Double Screen units at the same time should have a resolution of 3840x1080 px. As an advertising spot will be cut at half its width, all the key elements, i.e. the logo, slogan, pack shot etc., should be positioned inside the safe area on Screen 1 and on Screen 2.

Click the link below to view a layout of screen separation and of safe areas:
